Would you like to be propelled into some good times OR to redeem yourself from the last epic STEM Club airplane fail? Then, come fly with us at the next STEM Club meeting as we build rubberband-propelled airplanes. We will meet today in room 118 from 3-4 PM. The plane that flies the farthest will rise above all the rest!

Have you ever wanted to be an executive or vice president of a company? Think you might want to head up a sales or marketing organization? Do you want to know what it's really like to have responsibility for bringing in all the sales revenue and growth for the company, while managing a large team of people, trying to see what marketing content will draw customers in? If so, you should sign up to attend Career Connections on Thursday. Find the Career Connections sign up form in your email.
