## **Auditorium Stage Combat & Stage Weapons Policies**

### Stage Combat

This document serves as a clarifying addendum that is superseded by the Hudsonville Public Schools Board of Education's weapons policy and applicable laws of the State of Michigan.

Staged combat or choreographed violence may not be used in any production without first having been approved by the Superintendent of Schools, through the office of the Auditorium Director. Often the requirement is made that a professional trained in stage combat must be brought in to supervise your work. The expense of said professional is the responsibility of the production.

### Stage Weapons

Weapons of any variety may not be used in any production without first having received approval by the Superintendent of Schools, through the office of the Auditorium Director.

Real guns may not be used at any time. Guns that are designed for stage use, and toy guns, may be authorized but not without a thorough understanding of the required procedures and safety training. Blanks or 'caps' may not be used without authorization and not in our smaller theaters. In all situations where a stage gun might be authorized, consideration must be given to using sound effects, recorded or physical, rather than assuming that the use of 'caps' or 'blanks' will be permitted. Many things need to be considered before authorizing the use of a weapon that makes noise. Among the most important issues would be those that relate to how the weapon is to be used and the proximity of other people when it is being used. Please contact the Auditorium Director very early in your production process to determine your ability to use a gun in your production. **Not all requests are granted.**

No knives or swords may be used on stage unless they have been made safe by dulling and blunting. In any case, it should be noted that any knife, real or not, must always be considered to be extremely dangerous either by effect or by appearance.

### **Auditorium Firearms Procedures**

Before the first Technical Rehearsal at which any stage weapon/firearm is introduced into the action of the play, a mandatory safety training session will be held for all cast and crew members. This instructional session will be run by the Auditorium Director with training from the Auditorium Director or appropriately trained personnel. The following procedures will be explained at that time:

1. When a pistol or rifle is used in a production, the firearm will be loaded by the actor who is to be shot or shot at. If no actor is to be shot or shot at, then the actor shooting the firearm will load the firearm. Present at the time of loading the firearm will be the Auditorium Director, Stage Manager or designated agent, the actor shot or shot at, and the actor shooting the firearm.
2. The person loading the firearm will load the firearm and pass it to all members present for inspection.
3. The firearm is then in possession of the Stage Manager or designated agent until the time the actor introducing the firearm carries it onto the stage.
4. The actor who ends up with the firearm after it is fired is responsible for handing the firearm to the Stage Manager or designated agent immediately upon leaving the stage.
5. The Stage Manager or designated agent will secure the firearm until after the production when the firearm is emptied of all blanks and cleaned.

6. At NO point in the action of the play is the firearm to be pointed directly at or fired in the direction of the audience. Proper signage will be provided in the lobby informing the audience of the use of firearms in the production.
7. NO stage weapons/firearms are to be removed from the immediate stage area. Violation of this will result in removal of the violator from the production and could result in further disciplinary measures from the Hudsonville Public Schools Board of Education.

All blanks, full and discharged, will be returned to the Auditorium Director upon the completion of the production. In between performances, all weapons/firearms will be secured in the lighting control booth or another assigned location by the Auditorium Director.

#### ADMINISTRATIVE GUIDELINES FOR USE OF SCHOOL FACILITIES

District facilities shall be available for all users listed below. When there are competing interests for the use of facilities, priority will be given to Hudsonville Public School groups over Non-Hudsonville Public School groups.

- A. Use is directly related to the schools and the operation of the schools.
- B. Meeting of the employee organization.
- C. Uses for voter registration and election.
- D. Uses in groups indirectly related to the school.
- E. Departments or agencies of the municipal government.
- F. Other governmental agencies.
- G. Community organizations formed for charitable, civic, social, or education purposes.

The primary intent of school facilities is to provide a quality environment for regular curricular and extracurricular educational programs. The general intent of the Hudsonville Public Schools Board of Education is to provide for fair and reasonable community use of Hudsonville Public School buildings and outdoor facilities. Community use of Hudsonville Public School properties will be allowed according to its stated policy. All property use will be permitted only when it can be demonstrated that it would allow the Board or Education to maintain 1) proper security, 2) maintain fiscal responsibility and limit liability, and 3) insure that public school facilities will not be used for personal gain. The fee schedule listed on subsequent pages is subject to change by the Board of Education with notification to rental parties. All organizations must file a written application or online request for each rental.

Any deviation from the following schedule of fees may only be granted by the Superintendent or his/her designee. Only extreme financial hardships, all community fund raisers on behalf of a philanthropic event, or an event deemed in the overall best interest of the district will be considered as exceptions.

### **Categories for Use for Non-Hudsonville Public School Groups**

To ensure the care and preservation of school facilities and equipment and to ensure fairness and consistency in the implementation of board policy governing use of facilities, the following categories are established. These categories have been set up to define types of use and/or users.

A schedule of fees is included for approved users. Requests from Category 1 and 2 have priority. All other requests will be considered on a first come, first serve basis. If a conflict occurs alternate space or dates will be offered when possible.

**Category 1** This level applies to any school sponsored event or school sponsored sport practice/competition. It also applies to Community Education events and classes. Early Childhood Care, School based PTA/PTO, Booster group organizations, and local Scout groups are also considered in this level. Use by school groups shall always be given first priority over school-related groups, outside recreation programs, and school sponsored groups.

**Category 2** District families or formal, non-profit community groups in organizations comprised of a majority of district residents providing educational, social, cultural, religious, and recreation activities for members of the Hudsonville community at large.

\*To be considered for Category 2, a minimum of 80% of group/team participants must reside in the Hudsonville district or attend Hudsonville Public Schools.

**Category 3** This level applies to not-for-profit use by private citizen, community based groups including non-school sponsored sports teams. Users in this level are defined as groups of community residents who are interested in using school facilities for a particular use such as recreational, educational, and cultural activities. A group or organization under this category may conduct training or meeting sessions for employees related to their business, but may not actually generate revenue or profit from the activity.

This level includes, but, is not limited to: private citizens and businesses that provide opportunities for District students, private schools who are hosting events/activities, neighborhood associations, and driving schools. This applies regardless of whether or not the person requesting use is a District employee.

Any for-profit use must be coordinated through the Community Education office so any applicable charges are considered within the total cost of the program.
