

Hudsonville Early Childhood Center

~ Every Child Counts ~

Dear Parents/Guardians,

February 2022

We are excited to share the wonderful things happening within the Hudsonville Early Childhood Programs this school year. Throughout the year, our building is a busy place where our students learn. We are always striving towards our mission statement below:

"Our purpose is to provide a safe and nurturing environment that fosters a passion for learning through developmentally appropriate programs, which encourage social, emotional, physical, and cognitive growth."

Great things are happening at the ECC!

SOARing at the Early Childhood Center

As we move into the new year of 2022 at ECC, we are spending time with our students re-teaching our school rules - Be Safe, Own it, Act Responsibly, and Be Respectful (SOAR). They are being reminded of how to make safe choices, problem solve, try their best, and show kindness to everyone!

ECC students continue to earn "brag tags" and put their names on snowflakes for our hallway trees to share their positive choices with the rest of the building.

Take some time to ask your child about the school rules, and all the fun things they are doing to SOAR!
