# Summer Childcare

The Summer program allows our students a structured learning environment that will encourage exploration and discovery through active and engaging activities and community visitors. The program provides a structured daily schedule for students, including gym time, computers, recess, and large/small group time.

The Preschool activity calendar includes on-site activities (i.e., water day, music, Spanish, and steam). Children must have attended the ECC preschool 2023-2024 to attend summer care.

The Schoolage activity calendar includes 1-2 field trips off school grounds per week (i.e., bowling, swimming, splash pads, and parks) and many onsite activities (i.e., STEAM, sports, gym, computers). Bussed field trips are available to schoolage students only. Students are considered schoolage if they have completed PreK/Kindergarten and must be five years old on or before December 1, 2023.
